# MINING, BUSINESS AND STOCKS.

THE RESIDENCE OF THE PARTY OF T

# PROSPERITY IN CAMP OF TINTIC.

The Important Developments of Late Brings Good Cheer to Business Men of the District.

### MAYOR CEAR IN BINCHAM.

Learns of a New Find in Property Which Himself and Others Are Developing-Other News.

Special Correspondence.

Eureka, Sept. 13 .- The prospects of this camp are growing brighter daily, The big strikes made lately in the Tetro, Little Chief and Bullion-Beck, have given the city an impetus that is plainly feit by the business men. The north country is being opened up and a big strike in the Raymond property, just north of the Gemini, is likely to create sensation any day, judging from presnt indications. Encouraging reports have also come from the other side of the district, rich developments being ade in the Star Con. and Carisa. The utput from the old reliable Centennia Eureka, Mammoth and Grand Central mines increase in quality and quantity daily and nearly all the properties throughout the district are in active operation and the forces are being gradually increased. A large amount of low grade ore that has been lying idle for years can now be handled with profit and shipped to the smelters. The Black Jack, Dragon and Noon mines are shipping large quantities of iron ore which is a great help to the mining interest of Tintic. Taken it all in all, this great district is on the eve of a day of prosperity that will outshine any period in its history.

Mayor H. F. Gear and Fred Mathews

received word from the Christofferson brothers, who are working their North Bingham property, that they had struck 20 feet of good ore at a depth of 75 feet. Development work will be rushed on the property until it develops into a permanent shipper.

Delos Lombard, of this camp has purchased the California Mining claim from

Delos Lombard, of this camp has purchased the California Mining claim from the administration of the late Peter E. Wilhams for \$400, for Salt Lake parties. A contract for from 100 to 500 feet of drifting has been let by Supt. J. C. Sullivan o fthe Raymond Mining company. The drifting will be run towards the lilinois property on which the Raymond people have an option.

The Sunbeam mine at Silver City, has been closed down temporarily, owing

The Sunbeam mine at Silver City, has been closed down temporarily, owing to a cave-in in the upper shaft.

A strike of a fine body of ore was struck in the Yankee Con. property this week, 85 feet below the tunnel.

A special meeting of the Balhinch Mining company will be held in Eureka on Monday, Sept. 21, for the purpose of transacting important business.

Mrs. Cecelia Bacon, administrative of

pose of transacting important business.

Mrs. Cecelia Bacon, administratrix of the estate of the late Levan W. Bacon, has applied to the district court for an order to sell an undivided one-fourth interest in the Crusader mining claim, and two-thirds interest in the Lucky Chief claim, both located in the Tintic mining district.

Judge Thomas C. Burns and George Bowlend, both old prespectors of Tin-

Rowland, both old prospectors of Tin-tic, left Saturday for the Deef Creek country where they will look over the ground and make some locations.

Jacob Moritz and Mathew Cullen of Salt Lake, came out on this morning's train to inspect the Little Chief Prop-erty in which they are interested.

### FORENOON ON 'CHANGE.

### Star Consolidated Stronger, While Tetro Stock Sold Down.

sales of the forenoon on the mining exchange aggregated 34,440 shares, which brought the sum of \$14.-444.00. Star Consolidated and Tetro furnished the chief attraction. The former pulled through the call in good shape, closing higher. Tetro failed to retain its strength and ended several points lower. Con. Mercur opened weak and it too, took to the toboggan. the stock selling down to 1.33½ cents. There was some demand for Park City stocks and the Daly's were brought out. but at no advance. May Day continued on the down grade, 85 cents being the closing bid. On the open board Butler-Liberal sold up to 165 cents. A 1,500 share lot of Swansea was purchased at

The closing quotations and sales of the forenoon were, as follows:

Report That One Has Been Made Re-

ceived from Milford. Word has been received from Milford to the effect that an important strike has been made in the Este'ta mine, which was formerly managed by the late Gen. Parrose dest before being taken all the general was in jubilant spirits over the aprea ance of things at the mine and was ancielpating an important carries to take place almost any shot. The report came in the shape of a private letter which was lacking in

The writer stated that the news was brought to Milford by a miner who had been working at the property.

### MARKET FOR TUNGSTEN. Ima Con. Mine of Idaho May Dispose of

Product to Advantage. Manager J. W. Taylor, of the Ima city after an absence of several weeks in the east. While away work has been progressing at the property with very favorable results. No ore has been marketed as yet, but Mr. Taylor states, he has found a market for the tungsten product, provided that it can be furnished the buyers in the quantities desired. As to this he is confi. titles desired. As to this he is confident that it can be after a little time. A new water wheel is now being in-stalled, thus augmenting the power fa-cilities at the property.

### COLUMBIA DEAL CLOSED.

Bingham Mine Passes Into Control of an Ohio Syndicate.

The deal which has been pending for some time for the sale of the Columbia mine in Bingham, was finally brought to a consummation yesterday afternoon when the first payment on the purchase price of \$225,000 was made to the yendors. The gentlemen who have played an important part as member

played an important part as members of the purchasing syndicate are Henry Caitrow, a well known Dayton, Ohio, banker; Maj. H. G. Caitrow and O. A. Tibbetts of the same place. The deal in behalf of the company was engineered by Manager Frank B. Cook.

The property of the company consists of territory embracing 120 acres of patented ground in which about 7,000 feet of development work has been performed. The deal involved all the capital stock in the Columbia Copper company, consisting of 250,000 shares. The pany, consisting of 250,000 shares. The principal stockholders in the corporation, and who will share in the proceeds, are James A. Cunningham, Frank B. Cook, Joseph Dederich, G. W. E. Dory and W. S. McCornick

The domains of the Utah Copper company are located adjoining the Columbia. During the past 18 months Manager Cook marketed from the latter approximately \$50,000 worth of ore and concentrates.

The management of the property will now pass into the hands of Mr. Tibbitts, who is an experienced mining engineer, while the business end of the enterprise will be looked after by Maj. Caitrow, who states that the property will be equipped at once with modern

### COL. ALTMAN FILES ANSWER.

Asks for Dismissal of Suit Instituted by The Rives Brothers.

Col. Henry Altman has filed an anwer in the sult brought against him y C. B., B. S. and J. ii. Rives in the federal court. The plaintiffs instituted the action for the purpose of recovering an alleged claim of \$5,000 in cash and 16,666 2-2 shares of stock in the Majestic Copper Mining & Smelting

The plaintiff's complain that in 1898 they furnished Aliman money with which to bux options on certain mining claims in Beaver county; that the options were sold at a profit and the profits were divided, after which other options were purchased by which other options were purchased by Altman with the same understanding as to the partnership deal, but that these were sold with no accoun these were sold with no accounting of profits having been made by Altman to his partners. Among the mines alleged to have thus been bought and sold by Altman, in the profits of which sales the Rivezes claim an interest, are the Solomon mines, the O. K. and the Old Hickory.

Altman admits the sale of Beaver county properties at a profit, but declares the plaintiffs had no interest whatever in the transactions. And fur-

Defendant denies that the plaintiffs, Defendant denies that the plaintiffs, or either of them, furnished the defendant any money, funds or assistance of any kind to enable defendant to procure any of said property interests, or to protect them in any way.

"Defendant denies that he at any time promised or agreed with plaintiffs or any of them that they should have

or any of them, that they should have \$5,000, or any other sum of money, when he should consummate a disposition of said property, or out of any profit de-rived by him when received from any

Defendant denies that plaintiffs have "Defendant denies that plaintins have or are entitled to fave one-hird or any other part of any stock at any time held by this defendant of the Majestic Copper Mining and Smelting company, or stock of any other company.
"Defendant denies that he ever made

any representations to plaintiffs as to the necessity of his holding any of said stock to enable him and his associates to control said company, or that he made any representations of any kind to plaintiffs at any time regarding any stock of said Majeste Mining company

stock of said Majestle Mining company or any other company."

The defendant admits that the Riveses loaned him some money, but that in addition to repaying all of these loans he avers in his answer that during the years 1901, 1902 and 1903 he loaned to the Riveses sums of money aggregating \$1,105, for which they executed their promissory notes; that these loans were made without any reference to and had no sort of connection with loans were made without any reference to and had no sort of connection with any other of Altman's business transactions, and that he has but one of said notes in judgment against all the plaintiffs, they making no defense to his right to have judgment thereon.

A dismissal of the action against himself and the officers of the Majestic company is asked by Altman.

# ORDERED R'DUCE).

Action Taken Yeste day Afternoon by the Directors of Swansea Mining Co.

### OFFICERS RESCIND CLAIMS.

Which They Previously Held Against Corporation-Examination of Books Made by J. H. Bennett.

At a meeting of the directors of the Swensea Mining company held yesterday afternoon it was decided to reduce the assessment of 15 cents a share, levied sometime ago, to 11 cents: thus calling upon the stockholders of the corporation to put up \$11,000, instend of \$15,000, as they otherwise would have had to do,

This action on the part of the directors is probably the result of the protests which have been made by a number of shareholders who insisted that the assessment was not only exhorbitant, but unnecessary and unjust, ctive for a long time.
It has been learned that an exam-

ination of the books of the company was made a few days ago by J. H. Bennett, formerly general passenger agent of the Rio Grande Western rail-way, who is a shareholder in the corperation, disclosing the fact that the officers had applied a part of this money in the payment of back salaries, or at least intended to. This much was admitted by President This much was admitted by President Theron Geddes, president of the company, but he contended that they had been earned. However, this view of the situation did not meet the approbation of Mr. Bennett and, it is said, some others of the stockholders. So in order to appease the indignant the officials were willing to rescind some of their claims against the company, hence the reduction in the amount of the assessment. Mr. Bennett, however, had gone so far as to bring the matter had gone so far as to bring the matter to the attention of an attorney. Fortunately, the matter was adjusted amicably and as far as known all parties

concerned are satisfied.

President Geddes said this forenoon that the collection of the 11 cents assessment will liquidate all of the company's indebtedness up to the end of August so that it can start out again with a clean bill

### AT THE GODIVA MINE. Small Force of Men to be Put to Work

There-Milling Facilities.

The Godiya mine in the Tintic district is likely to be put in shape for a season of activity again. A small torce will be put on soon to do some assessment work; but until a further sampling of the mine is made the plans for the future will not be outlined. The mine contains a vast amount of low grade ores such as abound in the Tintic district in abundance, and those interested have discussed the matter of providing facilities for milling. Of course, it will take some time to get around to this, however, it is not imbe taken along those lines after a lit-

An official of the company said this forenoon that he did not expect much of anything would be done except to make a thorough sampling of the mine before next spring.

The recent disclosures in the Tetro

ground is propably another incentive for a season of activity in this old producer.

### CONCENTRATES.

Slightly.

Result is Grain Carrying Roads Gained Some Over Yesterday's Closing Figures.

New York, Sept. 15.-Trading was very active at the opening, but there was no lefinite tone to the market. Heavy sales of active features, such as Amalgamated Copper, Rock Island, Atchison and Union Pacific, forced them down slightly, while there were gains of an equal amount in St. Paul, Baltimore & Ohio, Southern Pacific and Erie. Prices hardened all around decidedly after the first few minutes of

business. The market acted feverishly and some The market acted feverishly and some of the leaders underwent wide and frequent price changes. The raily after the opening on the absence of frost scares lifted the grain carriers a fraction over yesterday's final figures. Other stocks were momentarily strengthened and the list re-acted to a lower level than before. Stocks were offered rather freely in spots, especially Missouri Pacific and Atchison. Other lesses were about a point and there was a gradual shading in all

spots, especially Missouri Pacific and Atchison. Other losses were about a point and there was a gradual shading in all other favorites. The firmness in the grain market had much to do with the pressure against the western stocks.

The bond market was slightly easier and quiet at noon.

The deterioration in wheat and cotton indicated by the government weekly crop report increased the selling pressure for both accounts. Bear professionals sueceeded in shaking out some round amounts in the transcontinental stocks and there was a renewal of the liquidation in Amalgamated on the weakness in raw copper abroad. Some of the declines of the early afternoon were Northwestern 2 points, and the Rock Island stocks. Southern Railway, Wabash preferred L. & N., D. & R. G., Amalgamated Copper and Tennessee Coal about a point.

Refined is quiet; crushed, 5.50; powdered, 5.00; granulatde, 4,90. Coffee—No. 7 Rio, 7½.

### PALMA TOURING CUBA.

Given Most Enthusiastic Reception Throughout the Island.

Puerto Principe, Cuba, Sept. 15 .-Puerto Principe, Cuba, Sept. 15.—
President Palma, after he started yesterday from Havana on his tour of eastern Cuba, traversed long stretches of sparcely inhabited country. At every town he was greeted by squadrons of mounted Cubans, received addresses from the officials and party leaders, and was presented with bouquets by pretty senoritas who made speeches of welcome. The enthuslasm when the president entered the region in which opposition to the administration was reputed to be the strongest ion was reputed to be the stronges

commenting on the enthusiastic re commenting on the enthusiastic re-ception accorded him the president dis-claimed that it was a tribute to his per-sonal popularity. He said:

"It is the result of the people's joy over the success of the republic, and the tribute is tendered to me as the chief

President Palma is making no speeches save brief responses to addresses of welcome. When local speakers bring up the subject of the revolutionary soldiers' pay, the status of the matter is courteously and briefly explained by the president.

### Trial of Curtis Jett.

Cynthiana, Ky., Sept. 15.—In the Jett trial today defendant's attorney intro-duced three citizens who testified that on account of the inflamed state of the public it was impossible for Jett to

# ARE ARRIVING.

Labors of the Thrifty Husband man Much in Evidence on Market Row.

### BIG PUMPKINS AND SQUASH.

Utah Celery Makes Its Appearance at Five Cents a Bunch-Grapes In Abundance.

The fall agricultural products are beginning to show up in the local markets. Pumpkins-good big ones are adorning the fronts of Market Row, selling at 15 and 20 cents each; also the familiar Hubbard squash is much in evidence and being disposed of for 10 to 15 cents each. California sweet potatoes are now to be had, suggestive of approaching Thanksgiving tide, and selling at four pounds for 25 cents. Utah celery, crisp and attractive, is on the boxes at a nickel a bunch, and local peaches, lucious and ruddy, continue plentiful at 5 cents per pound. Bartlett pears are within reach at \$1.25 per bushel and 35 cents per peck; California grapes go by the basket at 30 to 50 cents per basket; and eastern grapes, Concords, are in the Utah market at 45 cents per basket. The latter are always welcome here because of the thin skin, so different from the California article with its thick skin. Sweet corn is no more, neither are cu-cumbers, as the season is past; but there are plenty of dill pickles in the market, at 15 cents per quart. In fish there is no more sturgeon, as of late there has been a growing scarcity, and now the season has been closed. The Utah and California radish "is still with us," and may be had the year round. The prices prevailing today are:

### CAN'T BE SEPARATED.

Some Salt Lake City People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin

Backache and kidney ache are twin brothers.
You can't separate them.
And you can't get rid of the backache until you cure the kidney ache.
If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.
Doan's Kidney Pills make strong, healthy kidneys.
Alfred Clark, blacksmith, of 126 south Main St., says: 'When a blacksmith is never sure that during the day a gnawing pain catches him across the back, which clings to him during the night, he is often in actual misery. Many a time I have had to lie just in one position in order to have any comfort or to enjoy half a decent night's rest. This is not a pleasant condition to be in for a man performing even the most trivial act around his workshop has twinges in the small of his back which almost makes him exclaim, neither is it pleasant to arise morning after morning very peorly prepared to commence another day's hard work. A sure indication that my kidneys were at the bottom of the whole disturbance was the action and condition of the kidney secretions. Something about an advertisement wherein it stated that Doan's Kidney Pills could be depended upon in such cases induced me to go to the F. J. Hill Drug Co., store for a box. It is difficult to understand how a simple little pill could have had such effect upon the action of the kidney secretions and could have stopped the backache, but it is a positive fact. ney secretions and could have stopped the backache, but it is a positive fact that the treatment did. I very emphatically endorse Doan's Kidney Pills."

For sale by all dealers, price 50 cents.
